County Report

- Example for the report: use the same order
- Electric power - Yes or No (What do you know?)
- Water Status - Yes or No (What do you know?)
- Sanitation - Yes or No (What do you know?)
- Medical Facility – Yes or No (What do you know?)
- Communications – Yes or No (What do you know?)
- Transportation – Yes or No (What do you know?)
- Source of your information - Where did you get this information

SITREP for Towns and Counties within the State of Connecticut. ("county reports")

The state has 8 Counties and 169 towns within its borders.

- Each county throughout the county has it own code.
- Connecticut has 8 counties: **State Code : 09**

Fairfield County is **09001**   New Haven County is **09009**
Hartford County is **09003**   New London County is **09011**
Litchfield County is **09005**   Tolland County is **09013**
Middlesex County is **09007**   Windham County is **09015**

You can also list the town (such as Plainville, CT, part of Hartford county (09003), The Time of the report, The status of the following 7 conditions;

a) Power Status, Yes or No Power, Limited Power, or Normal Power;

b) Water - Yes or No Water supply or you may report some malfunction? What's the issue?

c) Sanitation System; Again you can use the Yes or No answer or if a issue what is it?

d) Medical; Yes or No-What is the problem (hospitals?)

e) Communications; Yes or No or some type of issues - You can report Cell, landline, Local PD, Fire, Ambulance, Describe what is reported.

f) Transportation; Roads, rail, Mass Transit, Another Yes or No for operation or not. If Issues, what are they?

g) How did you obtain your information, Eyewitness – you saw it, Commercial Broadcast, Scanner, Local government official, Do not report hearsay

Many different agencies can use this information

A sample version of that report body:

Plainville/09003/230901/N/Y/Y/N/Y/Y/R/K6ABC AT Local EOC//

Plainville is the Town, The County is Hartford, the date and time in UTC when it is being reported. The month is in your header of the NTS Message.

The questions follow the same logical insert in all these type of messages....

Another example of a Message Body:

Middletown/09007/250901   /N/Y/Y/N/Y/Y/R/ KA1XXX at the local EOC//
1) Electric N = Why? Substation blown.
2) Water Y = OK
3) Sanitation   Y = OK
4) Medical N = MidState Medical Center on diversion
5) Communications   Y = OK
6) Transportation Y = OK
7) Source of Information Relay from a Ham Radio Operator
            Remember if NO – Provide some type of explanation - keep it short
··

Another example of a Message Body:
HARTFORD/09003/230901/Y/Y/Y/N/Y/Y/C/ WFSB TV Local station//
1) Electric Y = OK
2) Water Y = OK
3) Sanitation   Y = OK
4) Medical N = Hartford Hospital full
5) Communications   Y = OK
6) Transportation -   Y = OK
7) Source of Information – Commercial Broadcast - Local TV station

- <u>Registration</u> is open for the webinar "Overview of Army and Air Force MARS," October 25 at 8 PM ET (0000 UTC on October 26).
- https://attendee.gotowebinar.com/register/ 4300481724544982273

This is an excellent opportunity to find out what MARS would like for reports, and how to go about it.
